Amortization Period

Months

F. Interest rate

Fixed Interest Rate Hypothecary Loan: % per year (including any discount that we have offered you from our regular rates) calculated semi-annually, not in advance (the “**Annual Interest Rate**”).

Each Regular Hypothecary Loan Payment you make repays part of the Principal and pays the interest [**and other cost of borrowing**] costs for the Hypothecary Loan. So, the Principal decreases with each Regular Hypothecary Loan Payment and the portion of your payment needed to cover interest costs also decreases. The outstanding Principal owing from time to time is referred to as the “**Outstanding Principal**”. Over time, when your payments are made on time, an increasingly larger portion of each Regular Hypothecary Loan Payment goes towards repaying the Outstanding Principal. For full details please see the amortization schedule attached to this Disclosure Statement.

Annual Percentage Rate

This is the cost of borrowing to you expressed in the form of an interest rate.

I. Late payments and default charges

Hypothecary Loan in Default

Your Hypothecary Loan may be in default for a number of reasons, including when you are late making a Regular Hypothecary Loan Payment or when you do not make a Regular Hypothecary Loan Payment or where you fail to maintain adequate fire insurance on the Property. The Hypothecary Loan Contract states all the ways in which your Hypothecary Loan may be in default.

Interest Owning on Late Payment

If a Regular Hypothecary Loan Payment is late, we calculate the extra interest you owe for being late every day, using the Annual Interest Rate. You pay interest on both the Outstanding Principal and interest portion of the payment that is late as well as the cost of borrowing. When we receive a payment, we will first apply such payment to reduce the interest charges for the late payment until such interest charges are reduced to zero and then to reduce the interest and cost of borrowing owing on the Outstanding Principal, before any part of the payment is applied to reducing the Outstanding Principal. We may also decide to apply the late payment to other amounts you may owe, such as, for example, property taxes.

Default Charges

If your Hypothecary Loan is in default for any reason, you will have to pay any or all of these amounts:

- interest on the missed Regular Hypothecary Loan Payments, as described above in this section;
- costs, including legal fees and disbursements, resulting from any action we may take or which is taken on our behalf to try to collect the amount owing;
- costs, including legal fees and disbursements, we may incur or which are incurred on our behalf to protect and realize on the Property or to take any other action under the terms of the Hypothecary Loan Contract;
- charges for any dishonoured cheque or other returned

payment instrument; and

- interest at the Annual Interest Rate for any costs charged to you to the Hypothecary Loan Contract.

Acceleration of the Hypothecary Loan

If you are in default, we can also accelerate the Outstanding Principal and require you to pay immediately everything you owe according to the Hypothecary Loan Contract, including, without limitation, any pre-payment penalties (as set out in section J.2 below.)

J. How Hypothecary Loans can be paid off early

When we loan you money, we are expecting you to pay it back according to the payment schedule in this Disclosure Statement. Except where your Hypothecary Loan is stated to be an open Hypothecary Loan in section E above, you cannot pay off all or part of your Hypothecary Loan early, except in the ways described below.

Prepayment Privileges

You may pay off some of the Outstanding Principal under the Hypothecary Loan, or the entire Outstanding Principal under the Hypothecary Loan, early only in the ways described below.

If we later agree to change or extend the terms of the Hypothecary Loan, these prepayment provisions will not apply to the new or extended term.

For these prepayment privileges, a year means the 12 month period starting on the Interest Adjustment Date and on each anniversary of the Interest Adjustment Date.

You may not use any of these prepayment options if you are in default in payment or in performance of any of the terms or conditions of the Hypothecary Loan.

1. Partial Prepayment

You may, without penalty, increase your Regular Hypothecary Loan Payment, or pay off some of your Hypothecary Loan early in the ways listed in the chart below. These options apply to partial prepayments only; you may not avail yourself of, or otherwise combine or utilize, any of these partial prepayment privileges when you prepay the Hypothecary Loan in full. The options are available once each year of the Term of the Hypothecary Loan and cannot be carried forward to use in a later year. Partial prepayment options used in any combination may not in the aggregate exceed the 20% yearly prepayment maximum.

PARTIAL PREPAYMENT OPTIONS	
Options	Restrictions
1) Prepay up to 20% of the original Principal amount.	Once each year of the Term of your Hypothecary Loan on the date of a Regular Hypothecary Loan Payment. The request must be made at least five days before the date of the Regular Hypothecary Loan Payment on which the prepayment is to be made. The minimum prepayable amount is \$1,000 and cannot exceed the yearly maximum.
2) Increase the Regular Hypothecary Loan Payment up to 20% of the original Regular Hypothecary Loan Payment amount set out in this Agreement. Should your Hypothecary Loan have	Once each year of the Term of your Hypothecary Loan. The request must be made at least five days before the Regular Hypothecary Loan Payment date on which the increase in the

interest only payments, this option is not available, but option 1 detailed above is permitted.	Regular Hypothecary Loan Payment amount is to be in effect.
---	---

After each partial payment, you must continue to make your Regular Hypothecary Loan Payments.

2. Prepayment in Full

You may prepay the Hypothecary Loan in full only upon payment of an amount equal to the greater of:

- (a) three months interest calculated at the interest rate of the Hypothecary Loan on the outstanding loan balance;

AND

- (b) the IRD (as defined below).

In this Disclosure Statement, “**IRD**” means the amount of interest, calculated at the Differential Interest Rate (as defined below) on the amount of the Principal amount that you prepay, for the remaining Term of the Hypothecary Loan. The “**Differential Interest Rate**” is the difference between (A) the fixed interest rate on the Hypothecary Loan, and (B) the Current Interest Rate (as defined below) for a Similar Hypothecary Loan (as defined below). There will only be a Differential Interest Rate when the fixed interest rate on the Hypothecary Loan is higher than the Current Interest Rate for a Similar Hypothecary Loan. A “**Similar Hypothecary Loan**” is a Hypothecary Loan offered by us that has a fixed interest rate and a term closed to prepayment that is closest to the remainder of the Term of the Hypothecary Loan. The “**Current Interest Rate**” for a Similar Hypothecary Loan is our then lowest available rate of interest, and is determined on the earlier of the date of the prepayment or the date we issue a valid discharge statement. In determining the Current Interest Rate for a Similar Hypothecary Loan, the following chart will be used by us:

If the remaining Term at the time of prepayment is:	The Current Interest Rate is our then lowest available rate for this term:
54 months or greater but less than 60 months	5 year
42 months or greater but less than 54 months	4 year
30 months or greater but less than 42 months	3 year
18 months or greater but less than 30 months	2 year
6 months or greater but less than 18 months	1 year

If the Principal amount has been re-financed and additional funds advanced using a blended rate of interest (including advances under our portability provisions), then the rate reduction will be the weighted average, based on the dollar amount, of the most recent rate reduction or discount received by you prior to the re-financing and the rate reduction on any additional funds advanced at the time of the re-financing. If at the time of prepayment we do not offer an interest rate for any of these terms, the lowest rate of interest for the next longer term we then offer will apply.

You may not avail yourself of, or otherwise combine or utilize, any of the partial prepayment privileges set out in paragraph 1 above when you prepay the Hypothecary Loan in full.

K. Portable Hypothecary Loan

If you have a firm agreement for the sale of the Property and for the purchase of a new property then, subject to our approval, you may without penalty transfer your existing Hypothecary Loan balance to your [\[MTL_LAW\1696948\2\]](#)

new property or you may combine your existing Hypothecary Loan balance with additional funds to purchase the property. You and the new property must be re-qualified and satisfy our then applicable underwriting guidelines. The new property must be in a province in which we are registered to conduct business. You will pay all legal costs to discharge the existing Hypothecary Loan and to prepare and register the replacement Hypothecary Loan on the new property, our servicing fee and all of our expenses that relate in any way to the replacement Hypothecary Loan.

If you transfer your existing Hypothecary Loan balance the terms and conditions of your Hypothecary Loan will remain the same. If you combine your existing Hypothecary Loan balance with additional funds, the interest rate on the Hypothecary Loan will be a blend of the rate that you were paying on the Hypothecary Loan amount transferred and the rate applicable to the additional funds, as determined by us. For certainty, you may only combine your existing Hypothecary Loan amount with additional funds bearing interest at a fixed rate, and not an adjustable rate of interest. Furthermore, you may not avail yourself of the partial prepayment privileges described above and subsequently combine your existing Hypothecary Loan amount with additional Funds bearing interest at a lower rate of interest than the existing Hypothecary Loan amount.

If the port of the Hypothecary Loan has been approved by us, the closing of the purchase of your new property may be up to 30 days after the sale of your Property. On the closing of your Property you must pay to us the Hypothecary Loan balance and the applicable prepayment charge. The prepayment charge will be returned to you on the closing of the purchase of your new property and registration of the replacement Hypothecary Loan, provided all our approval requirements have been adhered to.

L. Assumption of the Hypothecary Loan if your Property is Sold

- (a) If you transfer title, or agree to transfer title, to your Property to anyone without first obtaining our written approval, we may require you to pay the Hypothecary Loan balance together with the applicable prepayment charge immediately in full. If we accept any payment from any person who we have not first approved in writing, this does not mean that we have granted our prior written approval or that we have given up our right to require you to pay the Hypothecary Loan balance together with the applicable prepayment charge immediately in full.
- (b) You agree to give us sufficient information to enable us to decide whether we should give our written approval. Once we receive this information, we will make our decision as soon as possible. We will not unreasonably withhold our approval. We may condition our approval on, among other things, receipt of one or more assumption or guarantee agreements from the transferee or transferees and, if applicable, any new guarantor or guarantors required by us.
- (c) For each request for approval of an assumption, there may be an administration and processing fee. You must pay us these fees immediately, whether or not we approve the assumption.
- (d) We release you from your obligations under the Hypothecary Loan and to pay the Hypothecary Loan balance, and, if applicable, we release any guarantors from their guarantee, if: (i) we give our written approval to you to transfer title to your Property; (ii) the transfer is to a person or persons other than yourself such that you will not retain any ownership interest in your Property after the transfer of title takes place; and (iii) you provide us with proof of registration of a Transfer/Deed of Land to the approved person or persons, and, if we request it, one or more assumption or guarantee agreements.

M. Renewal

You will be sent a renewal offer in advance of the Maturity Date of your Hypothecary Loan provided the Hypothecary Loan is not in default and you are in good standing as determined by us. Renewals will be processed on the Maturity Date of the Hypothecary Loan at the lower of: (a) the rate of the renewal offer; and (b) our Hypothecary Loan rate in effect at the Maturity Date. In the event we do not receive your signed renewal agreement two days prior to the Maturity Date, we will automatically renew your Hypothecary Loan as a six month open term at our then applicable rate for such Hypothecary Loan. Such renewal will continue from time to time until we receive a completed renewal agreement from you.

In the event the Hypothecary Loan is in default or we determine you not to be in good standing, you will receive notification of our intent to not renew your Hypothecary Loan with us and that we require payment in full of the Hypothecary Loan balance on the Maturity Date.

N. Match a Payment and Miss a Payment Option

You may match any Regular Hypothecary Loan Payment on a Regular Hypothecary Loan Payment date as long as the Hypothecary Loan is not in default. Match a payment means you have prepaid an amount equal to your Regular Hypothecary Loan Payment and is subject to the yearly maximum partial prepayment amount in section J above. You may miss any Regular Hypothecary Loan Payment as long as you have already matched a payment earlier in the Term and your Hypothecary Loan is not in default. Previous matched payments may not be used to miss a payment if the Hypothecary Loan is assumed by a subsequent purchaser.

O. Convertibility

Provided you are not in default under the Hypothecary Loan, you may convert without payment of any prepayment charge as follows:

If the Hypothecary Loan is for a six-month closed or six month open term, you may request us to extend the Term and fix the interest rate for the Hypothecary Loan for a term which we then offer which is one year or greater at our interest rate then in effect for Hypothecary Loans for the term which you select; or

In such case you must give us your written request to convert or sign our conversion extension agreement at least ten days before the next date for a Regular Hypothecary Loan Payment. The fixed interest rates that are in effect on the date we receive the written request or signed conversion extension agreement will apply to your Hypothecary Loan. The amortization period of the Hypothecary Loan may not be changed on a conversion.

P. Progress Advance Early Payout Fee

Where the Hypothecary Loan is advanced by way of progress payments and you request a prepayment in full of the Hypothecary Loan on or before the second anniversary of the Interest Adjustment Date, in addition to the prepayment charges outlined above, you must also pay a progress advance early payout fee in the amount of \$2,000.00.

Q. Cash Back Hypothecary Loans

If you received a cash back amount or other incentive from us upon funding of the Hypothecary Loan or the renewal of the Hypothecary Loan by way of a cash payment, an allowance, a gift certificate or voucher or a discount on the interest rate calculated over the Term of the Hypothecary Loan or term of

[[MTL_LAW\1696948\2](#)]

the renewal, you must on a prepayment in full, an early renewal or a conversion of the Hypothecary Loan pay back to us in addition to any prepayment charge, a proportionate part of such cash back amount or other incentive. The proportionate part is an amount equal to the amount determined by multiplying the cash back amount or other incentive by the quotient of the number of months remaining in the Term (including the month in which the prepayment, early renewal or conversion is made) and the number of months in the Term. Absent manifest error, our determination of the foregoing amounts shall be final and binding.

R. Conflicts

Notwithstanding any provision of the Hypothecary Loan (including the statutory covenants and conditions included in the Hypothecary Loan), in the event of any ambiguity, inconsistency or conflict between the terms of the Hypothecary Loan and the terms of this Disclosure Statement, the terms of this Disclosure Statement shall govern to the extent of such ambiguity, inconsistency or conflict. Notwithstanding the preceding sentence, if the Hypothecary Loan contains remedies which are in addition to the remedies set forth in this Disclosure Statement, the existence of such additional remedies in the Hypothecary Loan shall not constitute an ambiguity, conflict or inconsistency with the provisions of this Disclosure Statement.

S. No Merger

It is agreed that the execution, delivery and registration of the Hypothecary Loan and the advancing of any funds shall in no way merge or extinguish this Disclosure Statement or the terms and conditions hereof, which shall survive and continue in full force and effect.
